(1) It has been ordered that the rate of tax on private motor cycles and cars be slightly increased so as to be in par with the rates prevailing in the Cantt. Bangalore and in Madras. This requires amendment of Schedules II A. and II E. of the Mysore Road Traffic and Taxes Act IV of 1935 as amended by Act IX of 1936.

(2) According to section 35 of the said Act, the Govt. have power to add to the Schedules, subject to the approval of the Legislative Council by resolution recorded in this behalf.

(3) The R.A. & L.C. Section may perhaps be requested to advise what further action has to be taken in this behalf, whether it is necessary to place the matter before the R.A. or if it is enough to place it before the L.C. only and in the latter case the form in which the Resolution has to be drafted. (a). The form of resolution suggested by the R.A. the Office is the one usually moved by the non-offl. members of the Lcc. Motions under Govt. business are usually moved by the Minister in charge and seconded by the Secy. to the Dept. concerned, which being the case, it should be the form suggested by that Council (recommended by the Govt. of W.P. the Minister in charge of the Dept. concerned is suitable

The Rules do not seem to contemplate giving priority to Govt. Resolutions. As the matter is urgent and effect has been given the Govt. to it from 1st April, it is for consideration whether the subject may not be tabled under Govt. business and moved as a motion thereunder as was done in the June 1939 session of the Lc.

In connection with the draft notification put up fixing levy of annual tax on motor vehicles, the unladen weight of which exceeds 15 cwts., at Rs.56/-, the Law Secretary was pleased to say that it may be reduced to Rs.45/-. The recommendation of the Road Classification Committee was to fix the half-yearly tax on such -- vehicles at Rs.28/- being the tax recovered half-yearly in the Civil & Military Station. The Government have power, under Section 8 of the Road Traffic and Taxes Act to order the levy of tax at a lesser rate than that -- fixed in the Schedule. If the annual tax itself is -- fixed at Rs.45/-, Government cannot order the levy of half-yearly tax at more than half the annual tax as per proviso to Section 9 (2).

In the Civil & Military Station the half-yearly tax is Rs.28/- but a rebate is allowed if license is taken for a year. Our Act, as it stands at present, does not contemplate a rebate being allowed if license is taken for a year. For giving effect to such rebates, the Act has to be amended further for which sanction of Legislature is again necessary.

In this connection it may be stated that our Act contemplates payment of only annual tax in the case of motor cycles and cars but payment of half-yearly tax is allowed as a concession (Section 9(2)).

As the notification in this connection ordering the levy of tax has also to be published in the Gazette

Lawley) 22/6/43

The maximum tax levied on cars weighing more than 15 cwt. is increased from Rs 40 & Rs 56. We were actually charging only Rs 36/- a year. In C & M. States for a car of the same description the tax is Rs 45/- & Rs 57/- a year. The increase from Rs 36 & Rs 56 is too sudden a jump. Hence we may fix the increase at Rs 45/- & Rs 57/- respectively.
